TDV POLICY & GUIDELINE REMINDERS

- Rule #1 – When the bandana goes on, the leash does NOT leave the handler's hands.
- If you work full time and bring your dog to work – it is NOT a full time therapy dog.
- Let facilities@therapydogs.org know, via a short email, that you are visiting some place. You only have to let us know once
- Rule #1 – see above

You're all wonderful; we have found by experience, that it's a good idea to re-emphasize some things. If you have any questions/thoughts about the above, please email me.
